

THE NETHERLANDS

Location: Wadden Sea
Site Name: DMEC Wave Test Site
Description: Wave Site Installation
Progress: Proposed/Operational
Operator: Slowmill 2018

Location: Marsdiep
Site Name: DMEC Testing Facility
Description: Test Centre
Progress: Planned/Operational
Operator: Tocardo BV

Location: Den Oever
Site Name: Testing Facility
Description: Tidal Test Centre
Progress: Operational
Operator: Tocardo BV

Location: Afsluitdijk
Site Name: Kornwerderzand Tidal Site
Description: Tidal Power Plant
Progress: Planned
Operator: Tocardo BV

Location: Borsssele V
Site Name: Borsssele Wave Site
Description: Wave Site Installation
Progress: Planned
Operator: TKI Wind

Location: Oosterschelde
Site Name: Wave Rotor
Description: Wave Site Installation
Progress: Operational
Operator: Tocardo BV

Location: Grevelingendam
Site Name: Tidal Technology Centre
Description: Tidal: Research, Testing & Validation Centre
Progress: Planned/Operational
Operator: BT Projects, Water2Energy & Bakker Sliedrecht

Additional info: April construction start date, BT Projects= initiator, Water2Energy= water turbine manufacturer, Bakker Sliedrecht= electrical system intergrator

Location: Vlissingen
Site Name: ???????
Description: Turbine
Progress: Planned
Operator: Water2Energy

Location: Brouwersdam
Site Name: Brouwersdam Tidal Quintet
Description: Tidal Power Plant
Progress: Planned
Operator: BT Projects

Additional info: This Tidal Quintet (or Quartet if scaled back to four installations, which is another option) would complement the nearby TTC-GD by providing a natural and larger step up. And while the technologycenter is mainly meant to serve as a testing ground, the primary role of the Brouwersdam Tidal Quintet would be to produce energy.

BELGIUM

Location: Antwerp
Site Name: Port of Antwerp
Description: Turbine
Progress: Operational
Operator: Water2Energy

Location: Ostend
Site Name: Port of Ostend
Description: Wave Site
Progress: Constructing
Operator: NEMOS

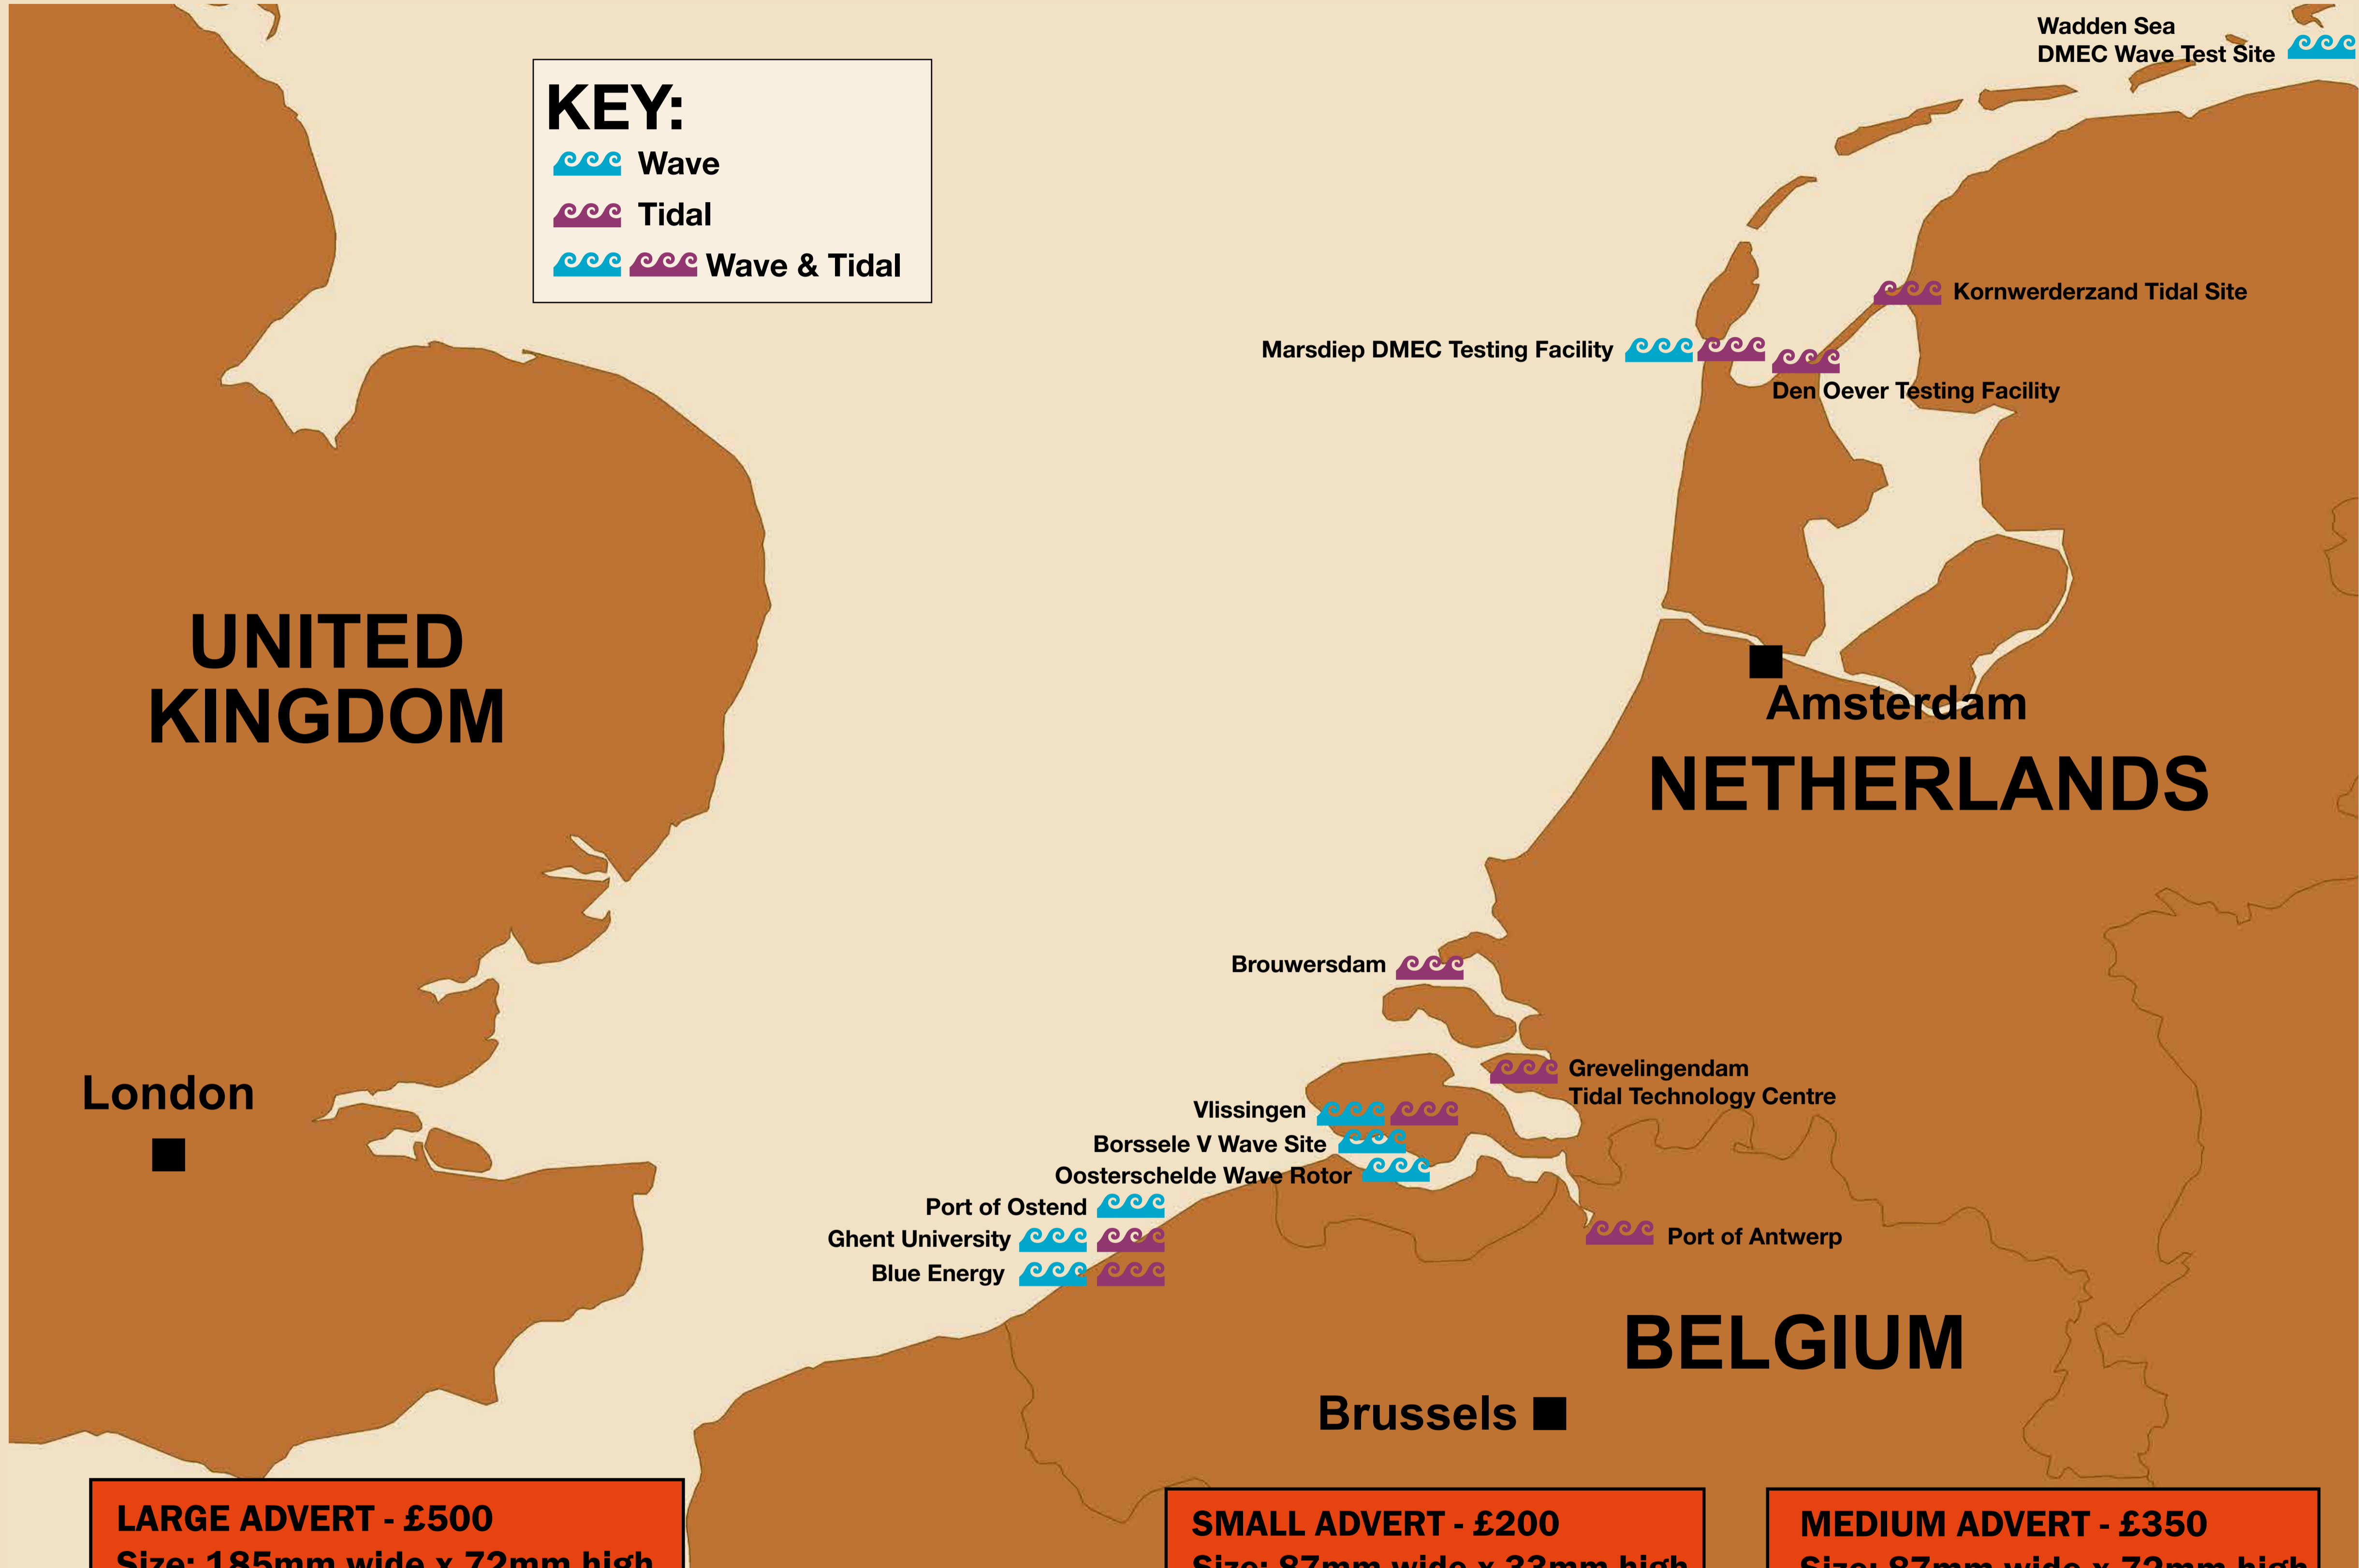

Location: Ostend Port
Site Name: Blue Energy
Description: Test Platform
Progress: Operational
Operator: Blue Accelator

Location: Ostend
Site Name: Ghent University
Description: Maritime Laboratory
Progress: Operational
Operator: Deltares
